August 10, 2026

Public Leaders Appointments has been named as a supplier on Executive & Non-Executive Search 3.

We are delighted to announce that Public Leaders Appointments has been successfully named as a supplier on Government Commercial Agency's Executive and Non-Executive Search 3 RM6394 Framework, securing places on Lot 1 (Executive Search) and Lot 3 (Non-Executive Search).

This appointment marks an important milestone for our business and reflects the confidence placed in our approach to identifying exceptional leaders for complex, mission-driven organisations across the public sector.

This enables organisations across central and local government, health and care, education, transport, housing, charities and the wider public sector to access our search expertise through an established government procurement framework.

We have secured our place on the framework in partnership with Camilleri Appointments, led by Karen Camilleri, whose particular expertise in the transport sector complements our extensive experience across public services, charities and purpose-led organisations. Together, we bring greater breadth of expertise, national reach and delivery capacity, while retaining the highly personal, hands-on approach that is central to both of our businesses.

Anna Jay, Managing Director of Public Leaders Appointments, said:

"This framework appointment represents an exciting next chapter for Public Leaders Appointments. Since establishing the business, our focus has always been on connecting organisations with exceptional leaders who combine strategic capability with integrity, authenticity and a genuine commitment to public service.

Being appointed to this framework is recognition of that approach and creates an important opportunity to support even more public sector organisations with appointments that will have a lasting impact on the people and communities they serve.

I'm delighted to be partnering with Karen, whose values and commitment to delivering a highly personal search service mirror our own."

Karen Camilleri, Managing Director of Camilleri Appointments, said:

"Anna and I have always done business the same way – with care and without cutting corners. I've built the Camilleri Appointments name in transport and the wider public and private sectors by staying close to every assignment, and this framework gives public sector organisations another route to that same personal approach."

Through Lot 1 – Executive Search, public sector organisations can access specialist search and recruitment support for senior executive appointments. Through Lot 3 – Non-Executive Search, organisations can access specialist support for board and non-executive appointments. The framework provides an established government procurement route through which eligible public sector organisations can access these services.

About Government Commercial Agency

Government Commercial Agency (GCA) is the UK's central commercial and procurement organisation, connecting public and private sectors to achieve the best outcomes for the UK and its citizens. GCA uses its commercial expertise to create a simpler procurement experience that redirects valuable resources into essential public services - creating value for the nation.

About Public Leaders Appointments

Public Leaders Appointments is a specialist executive search and board appointments consultancy working across the public, not-for-profit, and purpose-driven sectors. The firm supports organisations in recruiting chief executives, directors, non-executive directors, trustees, and other senior leaders, with a focus on governance, leadership, and long-term organisational impact.

About Camilleri Appointments

Camilleri Appointments is a specialist executive search and leadership appointments consultancy with particular expertise in the transport sector. The firm works with organisations across the public and infrastructure sectors to recruit senior executives, board members, and strategic leaders.
